

Name of the course:

Seminar in Applied Economics

Name of the Professor and contact information:

Name: M.Sc. Marco Kühne

E-Mail: kuehne@europa-uni.de

Office Hours: by appointment

Prerequisites:

Prior knowledge in statistics or programming can be beneficial.

ECTS-Credits:

6

Grading and form of assignment:

Empirical Project

Course description:

Students learn:

- How to do data analysis (data management, data manipulation, data visualization)
- How to give and get feedback from peer students.
- How to read and write empirical papers.

Aim of the module (expected learning outcomes and competencies to be acquired):

The seminar deals with the empirical analysis of questionnaire data. Students are given the opportunity to work on empirical projects under intense supervision. We embed our empirical projects in a seminar paper.
